

The 48th Wind Energy Symposium

Call for Papers and Posters

We JWEA are inviting of "General research papers" and "Posters" for the 48th Wind Energy Symposium. Please note that in order to allow as many people as possible to make presentations, there will be a limit of one presentation per person. If you are submitting multiple papers by yourself, please register a different presenter for each paper. In the case of a paper presentation and a poster exhibition on the same theme, both will be considered as one project.

As in the past, an "Excellent Presentation Award" will be awarded to outstanding oral presenters among student membership and individual membership under the age of 35, and a "Poster Award" will be awarded to individuals or groups who produce excellent posters. These will be presented at the next annual general meeting.
